Food

At Chartwells, we're passionate about encouraging children to make healthy choices and enjoy a nutritious school meal that will help them to get the most out of their school day – and beyond.

WHY SHOULD MY CHILD CONTINUE WITH SCHOOL MEALS INTO KS2?

Preparing daily packed lunches can be time-consuming and stressful. Our menus are created by talented chefs in collaboration with dedicated nutritionists to provide a balanced meal that gives your child the energy they need for more complex KS2 learning. Each dish is carefully prepared using quality ingredients to create exciting, diverse, and tasty meals your child will love.

FREQUENTLY ASKED QUESTIONS

WHAT'S ON THE MENU?

Every day, you can be assured that a school meal will offer 3-5 main choices including vegetarian options.

Every menu goes through the all-important "Thumbs Up" process where pupils tell us what they really think. Only those dishes given the "thumbs up" get to feature on our menu.

WHAT ARE THE SCHOOL FOOD STANDARDS?

All our meals follow the government's School Food Standards. Many parents aren't aware that there are daily requirements for fruits, vegetables and starchy foods and the limitations on salt and sugar. These standards ensure children receive balanced nutrition while at school to support their development.

WHAT IF MY CHILD HAS AN ALLERGY OR SPECIAL DIET?

Our main priority is to keep our pupils, your children, safe every day when they're enjoying their school meals. We take allergies very seriously and, supported by our robust Medical Diet Policy, we've taken every step to ensure that as many children as possible living with food allergies and intolerance can eat safely at school with their friends. To find out more, please email: chartwells.medicaldiets@compass-group.co.uk.

WILL MY CHILD GET ENOUGH FOOD AT SCHOOL?

We understand that children can sometimes forget what they've eaten during busy lunch periods, but no child at school will ever go hungry, even if they're the last ones in the queue!
