Optional Homework task – Autumn 2

Due in: Monday 14th December.

This term's topic is looking at the question 'How can we celebrate the changes within the Stone Age?'

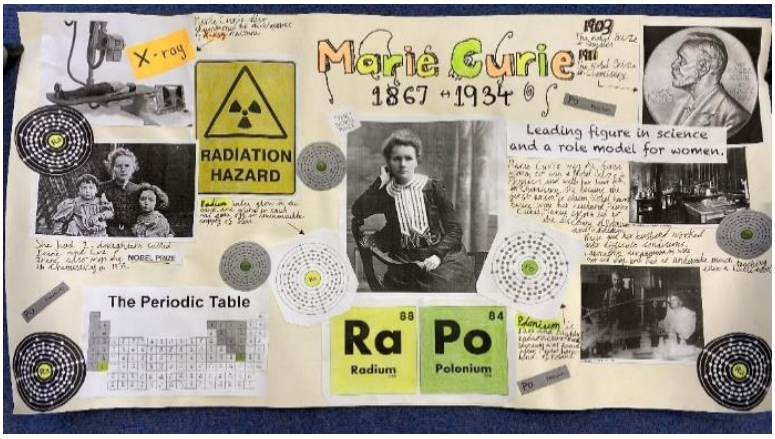

We would like you to design an information poster that focuses on the different periods through the Stone Ages and what life was like for these people.

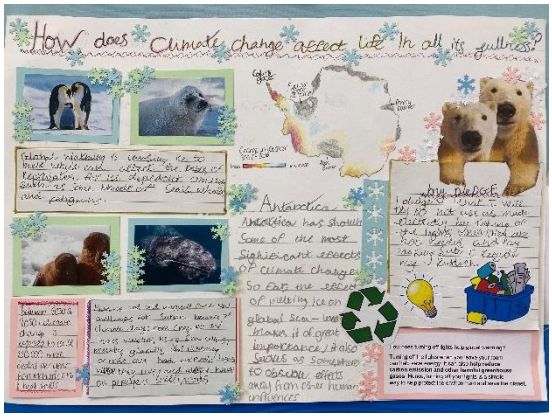

Please be creative with this task. You have been given an A3 piece of paper so that you have less screen activities and can take your time to be arty and creative with this homework.

Each completed project will earn you house points and it would be lovely to put some on display or even show Mr Hogan or Humphrey the school dog

Have fun!

Miss Wilkinson and Mrs Carr

(Inspiration from a year 4 homework project)
